You don't understand just how much courage is required to part with this warmth!

You're gonna shrivel up, you know?

Just hurry up and take your bath.

Ah, Dinner will be ready in just a moment.

Why don't you eat before you take a bath?

We're having hamburgers today.

You get two because you helped shovel.

I helped too, you know?

For real?!

You're the best!

Fine, ignore me.

Okay!

Don't mind if I do!

Yeah, no kiddin'.

You're like, her favorite.

Man, Mom spoils you like crazy!

Aunty's such a nice person!

It's totally mine!

Mom

Since when was it your spot?

Move it!

And give me back my winter coat!

But this is Aunty's!

Anyway,

You're camping out here way too often, Yousuke.

Huh? What's wrong with that?

Well, it's more like,

Atsushi keeps making a fuss when you're here.

What?!

I do not make a fuss!

See? There you go!

It's like having two little brothers. Double the annoyance.

...

I don't need your goofy eyes!

No, it would not! way!

That'd be nice!

Good idea!

What would?

But it would be a different story if we got married.

Won't happen! Nah!

Ugh, you're right. Shouldn't have said that. I feel sick now.

What was that?

? ? ?

Anyway ...

Things will have to change if I get a husband.

Huh?

Why?

Well, duh.

Having my little brother and his friend constantly hanging around? How weird would that be?

It'd be even more of a problem if Atsushi were to get married.

Me?

Huh?!

Oh, actually...

He won't.

Anyway, I'll have to leave too, when that time comes

Who knows when that'll be

If you want to take over the family name, you'll need a wife and kid

How did we even get to this?!

Wait a-

It's not like this is coming out of nowhere

The hell you talkin' about?!

Ugh

Dont drag me into this!

shiver

Atsushi won't marry, so...

Nice to meet you. I'm Hayakawa from Topica.
Thank you for taking the time to read "Winter Cold."
This is an original BL (Boy's Life/Love?) book.
I'm disappointed that I never got to draw the four boys on the front cover
I hope you enjoyed the Yousuke/Atsushi pair, even just a little!

Hayakawa.

Sasaoka Yousuke, absent.

Sorry, just gimme a sec.

The Kosuge & Oomiya pair

Well, they were voted this year's best couple

Feels like they'll announce that they're engaged any day now.

Also runner up in the cross dressing competition.

See ya

What's with that?

And wasn't that actually pretty rude?

Why wouldn't I get married?

Maybe the fever went to his head

冬の話を描きたかったので。
こたつ+袢纏＝最強。

I heard the news from Suga.

I know it's not much but take these cough drops with you.

So Sasa's down with a cold?

This guy here won't shut up about it.

You're gonna go check on him, right?

I'll send him a get-well message too.

We're busy with practice today, so thanks a bunch.

Mind also taking this with you?

I'm worried.

I know, right?

Isn't that the first time he's been absent?

Tell him to get well soon for me.

RUSTLE

RUSTLE

.....

Just what kind of relationship does everyone think I have with him...?

You're his guardian, obviously.

What, did it hit you just now?

Not that I didn't plan on checking on him, but...
